About the collection:

The primary mission of China International Publishing Group is to introduce China to foreign countries through books. Since its establishment in 1949, one of China's publishers and distributor of foreign language publications has expanded its partnership from seven publishing houses to include China Renmin University Press, China Intercontinental Communications Press, China Social Sciences Press, and Blossom Press.

In 2019, the gift from China International Publishing Group arrived in GT-Toyota Cultural Center, where the Asian Center Library is housed until the collection was completed in 2021 and became available.

Consisting of mostly books; some brochures, pamphlets, postcards, posters, CD-ROMs, DVDs, and online resources, the collection describes the economics, politics, technology, and culture of China from 1998 -2020. This geography and the subject-based collection has now a total of 880 titles with 1627 items, broadly covering philosophy, psychology, religion; world history and history of Europe, Asia, Africa, Australia, New Zealand, etc.; geography, anthropology, recreation; social sciences;

political science; music and books on music; fine arts; language and literature; science; medicine; and technology. The complete list of subjects is provided in the last part of the guide.

Publicly launched with His Excellency Tan Qingsheng, the Chargé d'affaires ad interim of Embassy of the People's Republic of China together with President of China Report Magazine Ms. Chen Shi attending and UP Chancellor Dr. Michael L. Tan and Asian Center Dean Joeefe B. Santarita representing the University of the Philippines on 18 March 2019, the China Book Center collection has its holdings limited to Library of Congress classification scheme.

Many in this collection are identified in WorldCat, and some are already with the UP Diliman's Library holdings. Titles not mentioned in the iLib and WorldCat bibliographic databases are in the Perspectives about China section.

Subject Scope and Content: The Asian Center Library follows the Library of Congress Classification.
